PERSONAL PROJECTS

Labor Tracker

- A tool I created to help improve utilization, accountability, and efficiency while working at Geek Squad.
- Live site: <https://labor.ngrok.io> , Source Code: <https://github.com/mwinb/labortracker>

Termdocs

- A Shell based, line by line, text editor I created, using Python2.7, to help me quickly take notes in class, debug, and edit plain text files.
- Source Code: <https://github.com/mwinb/termdocs>

PROFESSIONAL EXPERIENCE

Advanced Repair Agent, Geek Squad, Best Buy, Bend, OR, February 2018 - Present

- Troubleshoot and repair various hardware, software, and networking issues on a variety of electronic devices.
- Resolutions including registry repair, data recovery, and driver repairs.

Consultation Agent, Geek Squad, Best Buy, Bend, OR, September 2017 - February 2018

- Collaborate with team members to diagnose and repair computers, tablets, phones and a variety of other electronic devices.
- Communicate with customers regarding issues involving hardware and electronics and translate technical details in a way that customers can understand.

Hospital Corpsman, U.S. Navy, Camp Pendleton, CA, March 2010 - April 2014

- Assistant Director of Combat Trauma Management Course in charge of maintaining and updating curriculum, purchasing supplies, scheduling of classes, and training of over 400 personnel in life saving emergency medical techniques.
