PERSONAL PROJECTS

Web Portfolio: <https://mwinb.github.io> **Github:** <https://github.com/mwinb>

Scotty Space News Aggregator:

- Android/iOS: <https://github.com/mwinb/scottyFlutter>
- Web: <https://mwinb.github.io/scotty>
- Cross platform flutter app I created as an intern for Centauri while working with Space Camp.
- Created both an Android/iOS version as well as a web based project used for prototyping.

Google Lighthouse Audit:

- Repository: <https://github.com/mwinb/LinkRatioAudit>
- A custom Lighthouse audit created to find the color contrast ratio between text and background.
- Created in order to verify W3 Accessibility standards.
- Created during a mentorship with G5 in Bend, Oregon with fellow student Myles Moylan.

Professional Experience

Development Intern, Centauri Corp, Space Camp, Colorado Springs, CO, June 2019 - Present

- Worked on a team that followed Agile, Paired, and TDD principles.
- Worked on a variety of microservices including REST endpoints and Client Side Applications
- Technologies included Angular, D3.js, Java, and SpringBoot.
- Wrote test cases in Jest, Cypress, Pact, and JUnit.

Advanced Repair Agent, Geek Squad, Best Buy, Bend, OR, September 2017 - April 2019

- Troubleshoot and replicate bugs to identify and resolve problems.
- Collaborate with team members to diagnose and repair computers, tablets, phones and a variety of other electronic devices.
- Communicate with customers regarding issues involving hardware and electronics and translate technical details in a way that customers can understand.
